Seven high-style hotel destinations that will make you want to pack your bags and discover what's new in the western landscape by LAURA MAUK

## 1 HOTEL TERRA JACKSON HOLE

Set within Bridger-Teton National Forest and near the gateway to Grand Teton National Park in Wyoming, Hotel Terra is a 72-room boutique-style accommodation. The LEED-certified hotel uses renewable energy sources and features expansive energy-efficient windows that offer mountain views. Recycled steel beams, hand-hewn wood elements, a flagstone fireplace, sculptural light fixtures and modern furniture create a hip, western feeling. Terra is equipped with a rooftop hot tub and a spa and fitness center. Call 307.739.4000; hotelterrajacksonhole.com.

**2 ENCANTADO SANTA FE** The newest Auberge resort includes 65 adobe-style casitas that are a contemporary interpretation of traditional Santa Fe design. With polished cement floors, kiva-style fireplaces, soaking tubs and private terraces that have fireplaces and views of the New Mexican landscape, the rooms are luxurious retreats. The spa, the pool area, Terra restaurant and Betty's Bar are pretty fabulous, too. Call 877.262.4666; [encantadorésort.com](http://encantadorésort.com).

**3 LA COSTA RESORT AND SPA CARLSBAD** Situated in the coastal foothills just north of San Diego, La Costa is a Spanish Mission-style property that first opened in 1965. Today, the resort offers tennis, yoga, golf, spa appointments, a wine bar, a variety of restaurants, poolside lounging or simply staying put in one of the new luxury villas. Call 800.854.5000; [lacosta.com](http://lacosta.com).

**4 HACIENDA SAN ANGEL PUERTO VALLARTA** Comprising sixteen suites outfitted with antiques, original artwork and crystal chandeliers, the hotel is perched above Nuestra Señora de Guadalupe church in the heart of Old Town. There are views of Banderas Bay, the Sierra Madre mountains and terra-cotta rooftops. Call 877.815.6594; [haciendasanangel.com](http://haciendasanangel.com).

**5 L'AUBERGE DEL MAR** Designer Barclay Butera has re-created the luxury resort and spa by using casual and classic furniture and fabrics. The 140-room property overlooks the Pacific Ocean and is near the Del Mar Race Track. Call 800.245.9757; [laubergedelmar.com](http://laubergedelmar.com).

**6 THE RITZ-CARLTON, KAPALUA MAUI** Philpotts & Associates and SB Architects transformed the legendary resort with indigenous materials—such as coconut and tapa—earth tones and contemporary furnishings. The \$160 million renovation includes redesigned rooms, new residential suites, a spa and a pool deck. Call 808.669.6200; [ritzcarlton.com](http://ritzcarlton.com).

**7 FOUR SEASONS HOTEL SEATTLE** Sleek, modern interiors and a downtown locale provide an urban experience. The hotel is on the waterfront, across the street from the Seattle Art Museum and near Pike Place Market. Call 206.749.7000; [fourseasons.com](http://fourseasons.com). +
